Manager, Arterial Bus Rapid Transit Minneapolis-St. Paul Metro Transit @katielynroth

#### How can we make the most-used buses faster?

Reduce the time buses are stopped at red lights.

Reduce the time it takes to get on and off the bus.

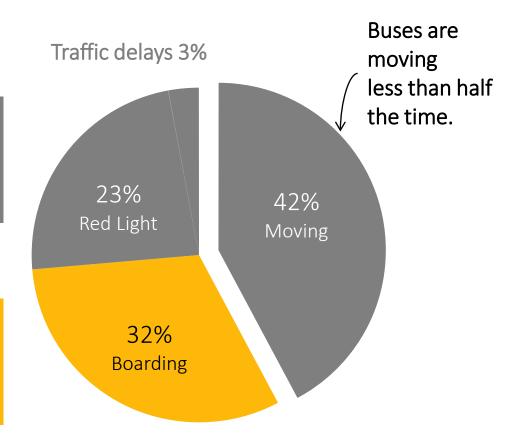

#### How can we make the most-used buses faster?

Reduce the time buses are stopped at red lights.

Reduce the time it takes to get on and off the bus.

### The most powerful tools

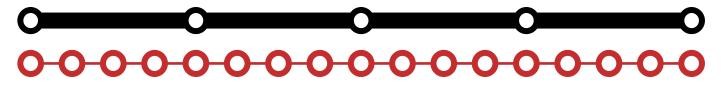

Problem: Local bus service at 80 stops per direction, every 10 minutes

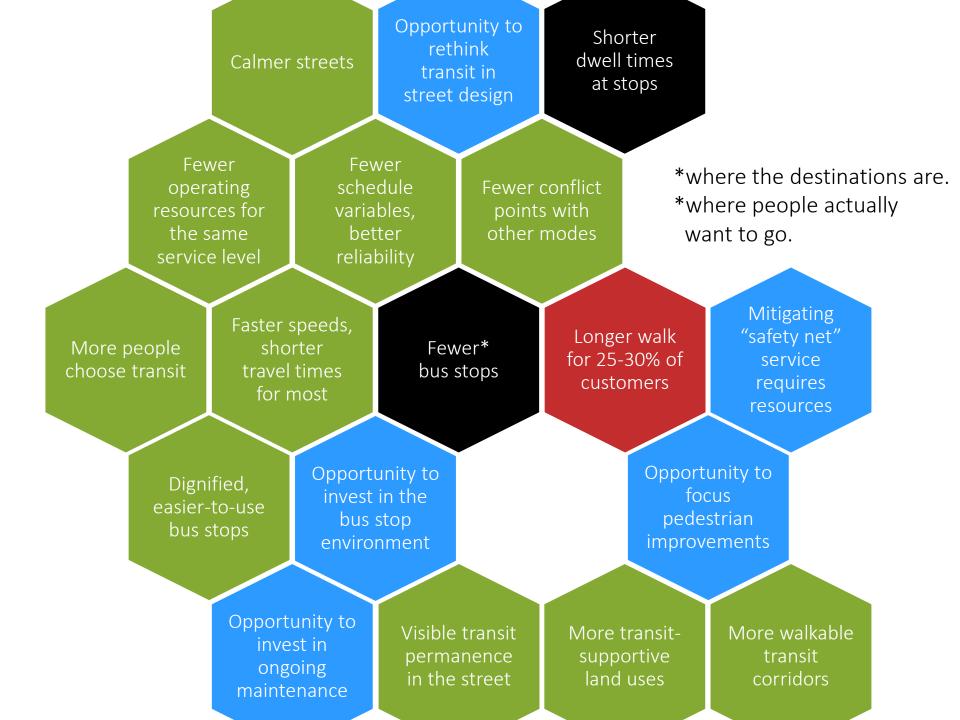

Everyone boards & pays at the front door.

Tools:

Rapid bus service at 20 stations, every 10 minutes Fully off-board fare payment and all-door boarding

+ Local bus service at all 80 stops, every 30 minutes

# Create a place worth the walk
