

meet Vancouver

RapidBus service

TransLink is introducing a new high-frequency, limited-stop RapidBus service, which will run from Joyce–Collingwood SkyTrain Station to University of British Columbia (UBC) all day, every day. The City of Vancouver is working with TransLink to implement changes to the street to give buses priority.

There are two bus routes that currently run the length from UBC to Joyce- Collingwood station
Combined, these two bus routes carry over

10 MILLION
riders per year!
and more to come.
