

B-Line BRT Planning (4 positions)

Project Manager (20190170) / Senior Planner (20190210) / Engineer (20190208)

Looking for a great place to work where your contributions are valued and you can make a difference in a vibrant city? At TransLink, you'll help make Metro Vancouver a better place to live, built on transportation excellence. Put your future in motion!

The South Coast British Columbia Transportation Authority (TransLink) is one of the world's leading transportation authorities, founded in 1999 to plan and manage transportation within Metro Vancouver. We've achieved success not only in improving the transportation network of the region, but also in helping to maintain the enviable lifestyle of residents and the viability of local businesses. TransLink and our family of companies (Coast Mountain Bus Company, B.C. Rapid Transit Company and Transit Police) are proud to be one of BC's Top Employers.

TransLink is currently seeking to fill 4 positions to play a key part in planning and implementing our Bus Rapid Transit program: Project Manager, Senior Planner(s), Transportation Engineer

These positions are with the B-Line Bus Rapid Transit (BRT) team, within the Bus Priority Programs department in the Transportation Planning & Policy Division, reporting to the Manager.

The focus of the positions is to play a senior role in planning & implementing TransLink's B-Line program on one or more specific corridors. The B-Line program is delivering a network of fast, frequent, and reliable arterial BRT bus routes connecting major centres and corridors across the region. Funding has been approved to implement five new B-Lines, in addition to enhancements to two existing corridors and planning for further B-Line expansion across the region as identified in the Mayors' 10-Year Vision.

These roles will lead the corridor specific application of the B-Line program, working with partner agency staff & consultants to plan, design and guide the implementation of bus service plans & required infrastructure, including transit priority measures, and enhanced passenger amenities. This work includes leading inter-agency working groups, and consultation with stakeholders and the public.

We are looking for transit enthusiasts with advanced transportation planning and design knowledge as well as experience with government agencies, with the following qualifications*:

- Advanced Transportation Planning and/or Engineering knowledge
- Sound Leadership and Decision-making skills
- Excellent Analytical & Problem Solving abilities
- Strong Communication and Interpersonal skills
- Experience providing an advanced level of expertise and leading projects in an agency specializing in planning or transportation.

*For the specific qualifications of each role, please go to <http://www.translink.ca/careers>

This position's focus is on transit planning and corridor design, so experience in bus planning and/or bus priority planning and design for a public agency, consultancy or associated body would be an asset.

Our Head office is located in the Sapperton district in New Westminster, next to the Sapperton SkyTrain station.

We offer:

- Exciting projects and a true possibility to impact the livability and sustainability of Metro Vancouver and its' residents
- Flexible Medical and Dental Benefits
- Paid Vacation
- Employee Development opportunities
- Corporate Wellness program
- Onsite gym
- Employee and Family Assistance Program
- Public Pension Plan
- Secure bike facilities
- Employee and dependent Transit Pass

Join one of the most innovative transportation agencies in the world and find more than just a job. Build a career in transportation and help keep Metro Vancouver moving!
