

COVID-19 Public Works Guidance

CLOTH FACE COVERINGS

Wear cloth face coverings to slow the spread of the virus from those that may have the virus but not have symptoms

WHEN TO WEAR

When interacting with the public or entering private property for emergency work

Working closely in crews or when multiple people are working in the same space, including when riding in a vehicle with another person

Working within 6 feet of another individual or other times that social distancing measures are difficult to maintain

Social distancing guidelines (stay at least 6 feet apart) should be followed even when wearing a cloth face covering

Remove by touching the elastic bands or ties and store carefully. Be careful not to touch your eyes, nose, and mouth

When handling, assume the mask is contaminated. Wash your hands before and after handling it

Wash daily by hand or machine with soap and hot water

HOW TO MAINTAIN

Review the City of Minneapolis COVID-19 web page for more information at:
