

DEPARTMENT OF TRANSPORTATION

Statewide Travel Demand Modeling Manager | Up to \$145,074/annually

Are you looking for an exciting opportunity to get your foot in the door with State of Minnesota? If so, come join our team at MnDOT in **St. Paul, MN!**

This position has the flexibility to work a hybrid schedule or work in the office. The incumbent will be required to make a telework arrangement with their supervisor. The incumbent will be expected to work in the office at least one day per week and may be expected to work in the office more frequently on occasion.

Our **Statewide Travel Demand Modeling Manager**, lead the creation of MnDOT's first statewide travel demand model and provide direction and leadership for statewide travel modeling more broadly. Additional responsibilities include:

- Lead the development, maintenance, enhancement, and use of a statewide travel demand model and associated modeling tools.
- Direct the integration of the statewide travel demand model with metropolitan planning organization models.
- Lead and guide travel demand modeling statewide, including building a new team to support modeling activities and services.
- Support the Transportation Impact Assessment Technical Advisory Committee and ensure MnDOT's models meet committee requirements for greenhouse gas and vehicle miles travelled assessments.

Infrequent travel within the state, once per month on average, may be required to attend stakeholder meetings.
