Description

This webinar series is a virtual continuation of the popular, fun networking and peer-to-peer learning event, Meet the Cities, that happens at each Designing Cities conference. One hour sessions will happen on Zoom every Wednesday from June 24 to August 5. City/agency representatives will present on the projects they selected to highlight at the conference.

Learning Objectives:

- **Connection:** Build on the momentum of the in person Meet the Cities 2026 in Minneapolis. Inspire connection across the NACTO community while building on work that has already launched, with a focus on regional connection-building.
- **Information Sharing:** Celebrate member city projects & share lessons learned/information about design and implementation Provide a space for members to speak to present and share their expertise.
